At- Nobel Communication Classes, Akurdi, Pune

Java Full Stack Development Intern with hands-on experience in application workflows and backend logic, currently seeking a **Frontend Developer Internship**. Skilled in building clean, structured, and responsive user interfaces using **HTML5 and CSS3**, with a growing foundation in **JavaScript**. Brings backend awareness to frontend development, enabling better understanding of data flow and user interaction.

Experience

Full Stack JAVA Application Developer-Intern

SoftAim Solutions, Pune, Maharashtra | September 2024 - December 2024

- Worked on **Java-based applications**, contributing to backend logic and database-driven features.
- Implemented **CRUD operations** using **Java,and MySQL**, enabling structured data management.
- Assisted in **form-handling and input validation logic**, improving understanding of user interaction flows.
- Used **SQL Administrator** for creating **Database** & inserting, updating, retrieving, and deleting records.
- Collaborated with developers during development and testing phases, following standard **software development workflows**.
- Debugged and optimized Java code to improve application stability and reduce runtime issues.

Projects

Portfolio Website – Frontend Project
Tech Stack: HTML5, CSS3

- Designed and developed a **responsive personal portfolio website** to showcase projects and technical skills.
- Built structured page layouts using **semantic HTML5** and reusable **CSS3 styles**.
- Implemented clean UI sections for projects, skills, and contact information.
- Focused on readability, layout consistency, and maintainable code structure.

Chandan Super Shoppy – Java Backend Application
Tech Stack: Java (Core), MySQL, JDBC

- Developed a **Java-based product management system** to digitize inventory records.
- Implemented **Create, Read, Update, Delete (CRUD)** functionality using Java and MySQL.
- Designed relational database tables for managing product IDs, names, prices, and quantities.
- Reduced manual record-keeping by introducing a database-driven solution.

Hobbies

- Diary writing.
- Reading Books.
